

## **Teacher Subject Specialism Training (TSST) Secondary Mathematics**

The TSST courses provide high quality professional development to those teaching or wanting to teach mathematics at secondary and tertiary levels.

### **Aims:**

- Enhance your mathematical knowledge.
- Inspire your enthusiasm for the subject.
- Provide motivating and high quality resources.
- Enhance your pedagogical skills

### **Target Audience:**

- Non-Specialist teachers who wish to teach more mathematics lessons at KS3 or GCSE.
- Returners to teaching wanting a refresher course in teaching mathematics.

### **Content:**

The course will run for approximately 5 twilight sessions from January to July 2019. The aim is to cover all topics at Foundation GCSE level with an option to extend into Higher. There is also an option to register for two Masters degree modules worth 30 credits each.

### **Venue:**

The Blue Coat School, Egerton Street, Oldham, Lancashire, OL1 3SQ.

### **Dates and Times:**

Sessions will run from 4.00pm to 5.30pm. Dates for the sessions are 10th Jan 2019, 7th March 2019, 16th May 2019, 6th June 2019, 4th July 2019.

### **Cost:**

The course is **free** to all state schools.

### **Next Step:**

For further information and to receive an application form please email our training co-ordinator, Mireille Mawdsley, on: [mmawdsley@cranmeredt.org](mailto:mmawdsley@cranmeredt.org). Alternatively, please call Mireille on her direct line 0161-785-5062.

Further details can also be found on our website <http://northern-alliance.net/cpd>

### **Provider:**

The course is being run by Northern Alliance Teaching School, in partnership with North West 1 Maths Hub, partnering with the Centre for Innovation in Mathematics Teaching (CIMT) at Plymouth University.
